Be a Telecommunication Engineer

Telecommunication is a fascinating, fast paced industry that affects every aspect of our lives including simple voice telephone calls, access to the Internet, high speed data communications, satellite communications, surfing the World Wide Web, fax transmissions, video conferencing and cable TV that is all covered in the BTEC Higher National Diploma in Telecommunication Engineering through Edexcel International UK from British College of Applied Studies.

This one of a kind course of study that's certain to lead you to a life of mind-boggling potential will have fascinating subjects as analytical methods for enginners, data communications and networks, telecommunications, digital networks, radio communication engineering, optical fiber communication systems, mobile communication systems, broadband technology etc. covered in 4 semesters that you could complete at BCAS School of Engineering for less than Rs three and a half lakhs.

A special offer of Rs 60,000.00 is given as discount for 30 students who enrol the

BTEC HND in Telecommunication Engineering.

Now BCAS has introduced a new Foundation course for students who after O/Ls wish to start Telecommunication Engineering, Quantity surveying, Civil Engineering Degree programme. The course is named as International Engineering Foundation Programme and training is focused on Engineering Science, Mathematics, Physics, Computing, Language and Skills and related areas. The course is conducted full time for 8 - 9 months, after which students can join one of the above mentioned engineering programmes at BCAS.

During the ten years of our steadfast presence in the field of higher education more than 1200 students have found placements in overseas universities on receiving training from the British College of Applied Studies. Now BCAS is able to provide a good part of your degree education right here in Sri Lanka while helping students after their AL's in receiving scholarships to finish their final part in some of the finest

universities overseas.

BCAS courses in partnership with Edexcel UK are entry points to lucrative jobs in the world. BCAS offers BTEC HND leading to BSc (Hons), BA (Hons) & BEng

(Hons) degree from an international reputed university in the fields of Computing, Business Information Technology, Software Engineering, Quantity Surveying, Business Management, Telecommunication, Law and Hospitality Management

When a student completes a semester in areas mentioned in four semesters or 16 to 18 months at the British College of Applied Studies- they become entitled to BTEC HND qualification awarded by Edexcel UK. This crucial qualification that's accepted readily for the final year entry in BSc, BA or BEng in 105 universities in UK, USA and Australia is an amazing chance for those with only OL qualification to earn an internationally recognized degree in so short a time....just 2 ½ years with affordable costs with a guaranteed admission for higher education in these countries.
